

Sprint 1 Report , SnakeCatcher, 10/22/17

- Actions to stop doing:

- Stop showing up late to scrum meetings without communication
- Keep SCRUM to fifteen minutes timeboxed instead of going over
- Stop pushing code without letting the others know

- Actions to start doing:

- The team members should read the documentation before asking questions.
- Team members should communicate more efficiently by checking slack more.
- As a team we should start working on the project in group settings to get more done.

- Actions to keep doing:

- As a team we should keep updating the trello board with detailed tasks.
- As a team we should keep reading the documentation and watching video tutorials.
- As a team we should keep staying focused during our meetings to stay on track for our sprints

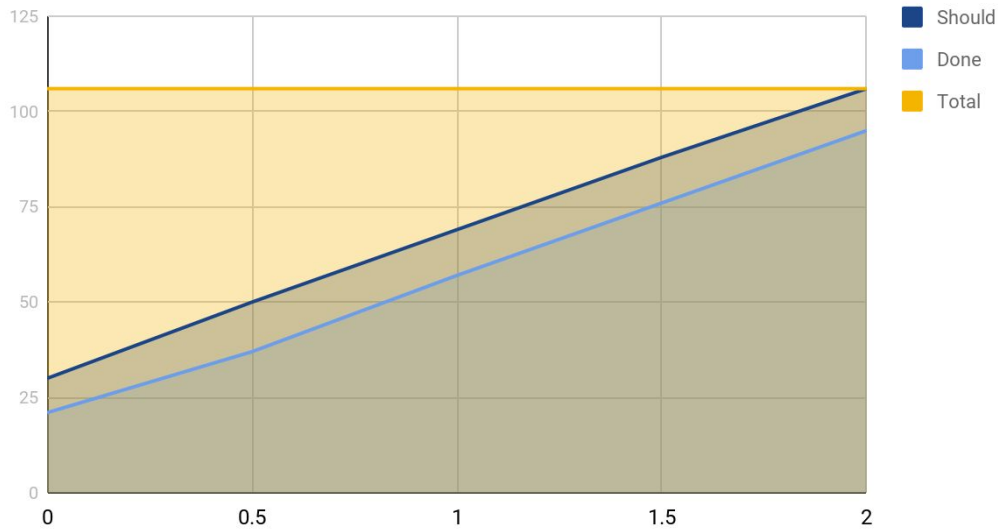

- Work completed/not completed:

- **(4) As a developer, I want to be able to set up Android Studio and source to github**
- **(13) As a developer, I want to set up the skeleton framework of the app.**
- **(34) As a developer, I want to understand and set up the database.**
- **(55) As a developer I want to understand the different Google and Android APIs and how to integrate into the android app.**

- Work completion rate:

- 2.5/4 user stories were completed
- 82 ideal work hours completed
- 10 days in Sprint 1
- Roughly 8.2 hours per day of work
- Approximately .25 user stories per day completion rate
- See burn-up chart for Sprint 1
