Sprint 2 Report , SnakeCatcher, 11/5/17

• <u>Actions to stop doing:</u>
- Stop showing up late to scrum meetings without communication
- Better communication in general
- Start pulling code consistently and constantly

• <u>Actions to start doing:</u>
- Team members should communicate more efficiently by checking slack more.
- As a team we should start working on the project in group settings to get more done.
- Work on code in feature specific branches as opposed to pushing to master

• <u>Actions to keep doing:</u>
- As a team we should keep updating the trello board with detailed tasks.
- As a team we should keep staying focused during our meetings to stay on track for our sprints
- As a team we should continue to have effectively timed scrum meetings

• <u>Work completed/not completed + Backlog from previous Sprint:</u>

- (13)As a developer I want to integrate the google API's into android
- (21)As a developer I want to set up a database with firebase to store video files
- (34) As a user I want to be able to set up a recording without much trouble.
- (21) As a user I want to get email notifications and alerts when my stuff is "moving".
- (13) As a developer, I want to set up the skeleton framework of the app.
- (34) As a developer, I want to understand and set up the database.

• <u>Work completion rate:</u>

- 4.5/6 user stories were completed
- 101 ideal work hours completed
- 13 days in Sprint 2
- Roughly 7.7 hours per day of work
- Approximately .35 user stories per day completion rate
- See burn-up chart for Sprint 2
